X.25 PADs OFFER MULTI-LEVEL DATA SECURITY

Please add the name of our company to your vendor list for Private Network Computer and Communications Systems including X.25 PADs (Packet Assembler/Disassemblers), X.25 Packet Switching Equipment and Multi-host Networking Equipment.

MULTI-LEVEL SECURITY plus significant cost savings and Network Control can be provided to you when you design and install an X.25 Private Network using our company as the prime contractor. As an Authorized Protocom Sales Agent to the Government marketplace our company is pleased to offer a complete family of X.25 Network Communications Products designed to meet the needs of the user and the network manager.

DEC, IBM, Sperry and Data General Computer and Data Terminal Equipment can SHARE LEASED LINES, transferring data to any authorized user or user group when your X.25 Network has been installed . . . and when integrated with our ProNET family of Interprocessor Network Products the problem of INTERCONNECTING large numbers of physically distributed computers, terminals and PCs is reduced to that of network analysis and design.

In addition to saving up to 30% of your present monthly leased line costs our X.25 Network Products can provide you with a unique PAD to PAD Security, offer Automatic Connect/Re-connect while providing increased resistance to line outages.

In summary you obtain - - -

*	*	*	MULTI-LEVEL SECURITY	*	*	*
	*	*	INCREASED CONNECTIVITY	*	*	
		*	SAVE \$ \$ \$ \$ \$ MONEY	*		

Qytel X.25 NETWORK PRODUCTS are integrated into State Networks, Major Banks, the Federal Reserve Bank and a large U.S. Government Private Network. Specializing in the design and development of INTEGRATED COMPUTER AND DATA COMMUNICATION SYSTEMS the company has installed and maintained over 30,000 pieces of equipment at the Fortune 1,000 plus Government Agencies during the past eight years.

Call Qytel today to arrange for a NO COST ANALYSIS of your computer or data communications network. Our number is -
